Welcome

This is good to know: "Selective muteness is caused by selective deafness. [Meaning,] if you can't hear a note, you can't sing that note... The voice can only reproduce what the ear can hear." All of this is according to the late Dr. Alfred Tomatis (inventor and internationally known otolaryngologist). Could it be that our lives have selective muteness because we can't hear the correction of God? In our teaching this week the voice of the minor prophet Haggai speaks out With a one-word challenge: "Consider." And he does it by pointing a direction that will catch many of us by surprise. Welcome to Campion.

Our Mission

We serve and glorify God through Christ-centered worship, individual spiritual growth, youth involvement, and community interaction.
