Welcome

Check out the news networks. The first ever black hole was photographed this week using a global network of telescopes, giving us all the first visual evidence that they exist. The black hole captured is the Messier 87, near the Virgo galaxy cluster (55 million light years from earth). This super massive black hole has a mass that is 6.5 billion times that of our sun (CNN.com). That's a big black hole, and that's very far away. There is another black hole, just as big but much closer to you and me. We haven't seen any photographs of the dark holes in our hearts (and probably couldn't stomach it if it was possible) but we are fools to deny the evidence that they exist. Not sure what God thinks of Messier 87, but the black holes in our hearts He wants to talk to us about. He's got some good ideas. Welcome to Campion and a special greeting to our Academy Days guests.

Bible and a Buck - Pathfinders are collecting new and gently used Bibles for the Oshkosh Bible and a Buck mission campaign. The goal for the camporee this year is 50,000 Bibles! Journey to the Cross: We need trucks, people, and power screwdrivers. Wednesday the 17th we will move things into the gym for the Journey to the Cross village. On Sunday the 21st at 10:00 we will have the same needs, only it will be to take things down and put them away. Many hands and people make it go quickly. Please contact Dick Stenbakken at 970-290-6469 if you are able to assist.

Journey to the Cross booth set up: Booth managers and others can start decorating their booths Wednesday evening the 17th. Costumes will be available Wednesday and Thursday from 6-8 pm. Please "like" the Journey To The Cross and Beyond ad on Facebook and forward it to as many others as you can as this will help us advertise the Journey.
