Welcome

CNN's headline offered just enough intrigue to have to be clicked on - "You're More Unique Than You Know." Turns out that the ridges, bumps, and shapes of our ears are so unique they may be one of the best ways to identify you (at least as good as fingerprints). Each ear is fully shaped when we are born and CNN writer Sandee LaMotte points out that unless you get into a fight with Mike Tyson your ear remains a reliable indicator of who you are. In the world of differences that we live in, there is one difference that becomes the reliable indicator of who the Christians are: Forgiveness in. Forgiveness out. That's why this Christmas season we find ourselves at the heart of a sermon series on forgiveness. Welcome to Campion.

Our Mission

We serve and glorify God through Christ-centered worship, individual spiritual growth, youth involvement, and community interaction.
