Welcome

The Corporation for National & Community Service has done their research and published the numbers. Each year about 62 million (1 in 4) Americans volunteer through some organization. That comes to be about 7.7 billion hours and worth about \$173 billion. These numbers don't count the other 138 million people who informally volunteer to help their neighbors with activities such as watching their kids, pets, or house. Those are all big numbers except that indicates only 1 in 3 Americans who claim Christianity as their faith volunteer through their church or community. Paul has something to say to us about that in Ephesians 5. Welcome to Campion.

Our Mission

We serve and glorify God through
Christ-centered worship,
individual spiritual growth,
youth involvement,
and
community interaction.
